

Great River Enterprise – Talent Recruitment Announcement

Great River Enterprise Co., Ltd. is seeking a consultant with a background in Pharma, Nutrition, or Food Chemistry to provide technical advisory on excipients applications and share industry know-how and market insights.

This role will support our efforts in expanding the Taiwan market and building networks/channels. Engagement terms are flexible, and compensation is negotiable.

Job Title: Consultant – New Business Department

Employment Type: Full-time / Part-time / Project / Long-term (flexible arrangement)

Location: Taiwan (remote possible; meetings or client visits as needed)

Key Responsibilities:

- Provide professional consultation on excipients applications and support in solving product application and R&D challenges.
- Offer insights on market trends, industry practices, and application know-how in Pharma/Nutrition/Food Chemistry.
- Support market development strategies, including channels, networking, and partnership planning.
- Participate in internal discussions and advise on department structure and long-term growth.
- If willing, engage directly in business development and client interactions (optional).

Qualifications:

- Academic background in Pharmacy, Nutrition, or Food Chemistry; pharmacist/chemist training preferred.
- Minimum 7 years of experience in Pharma, Nutrition, or Food Chemistry industries.
- Strong knowledge of excipients applications and awareness of industry trends.
- Established industry network; ability to guide market expansion and channel building.
- Willingness to share expertise and provide knowledge transfer in a consulting capacity.

Compensation & Terms: Negotiable.

Application Method:

Please apply via 104, or send your resume to trustriver@trustriver.com.tw (Ms. Lu).

Qualified candidates will be contacted within 3 days to schedule an interview with senior management.
